TCA SELECTS CSI SOFTWARE

Houston, TX February 22, 2008 CSI Software, a leading provider of software and services for health and fitness clubs, announced today that TCA Holdings in Chicago, IL has selected Spectrum NG by CSI Software as its new club management software system. TCA will be deploying the full suite of accounting, management, scheduling, online services, and reports and analysis modules.

"Spectrum NG is comprehensive and scalable for any size organization" says Jonathan Ross, President and CEO of CSI Software. "We are pleased to offer this powerful, yet flexible solution that will enable TCA to meet its technology goals"

About TCA

TCA Holdings, LLC is a privately held, strategic holding company whose subsidiaries own and/or manage fitness and athletic facilities in the United States and Canada. The parent company was formed in 2006 as part of a reorganization of Tennis Corporation of America (TCA), Midtown Athletic Clubs and Proactive Partners. TCA has existed since 1969.
