JCC NEW ORLEANS LIVE WITH CSI

Houston, TX - November 12, 2007 CSI Software, a leading provider of software and services for JCC's, announced today that the JCC New Orleans is live with CSI Software.

The JCC New Orleans operates two facilities in the crescent city - one in the uptown section of New Orleans and one in Metairie. Both centers went live with CSI Software this month.

A SPECIAL JCC

"The New Orleans Jewish Community Center holds a special place in the hearts of JCC's around the world" says Andy Wigderson, Vice President of Sales and Marketing at CSI Software. "The local community suffered a great loss as a result of Hurricane Katrina. The New Orleans JCC underwent tremendous hardship during the crisis and that makes this implementation a very special project for CSI Software."

About CSI Software

CSI Software provides integrated software solutions to health and fitness clubs, campus recreation centers, wellness centers, JCC/YMCA/YWCA organizations and parks and recreation centers. Founded in 1977, CSI Software is a private company based in Houston, TX. For more information, logon to www.csisoftwareusa.com

About the New Orleans JCC

The Jewish Community Center's long, rich history dates back to 1855 when The Young Men's Hebrew and Literary Society was formed. A \$4 million renovation of the Uptown facility was completed in 1998. In 1986 a satellite was established in Metairie to better serve the membership. The community continues to serve the Metairie members with the new state-of-the-art facility which opened January 2003 at 3747 W. Esplanade. The Jewish Community Center continues to serve the entire New Orleans community with quality programming in the areas of pre-school education, physical education, public affairs, political forums, lectures and especially Jewish education.
